

# MI Microinvest

SOFTWARE COMPANY SINCE 1984

To manage easily your business processes

### Company Overview:

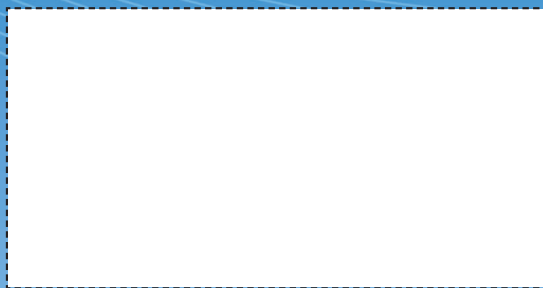

Microinvest specializes in the development and support of comprehensive back-office and front-office POS software systems and solutions (Microinvest Warehouse Pro, Microinvest Warehouse Pro Light), integrated in warehouses, shops, supermarkets, restaurants, beer houses, pizzerias, cafes, bars, discos and all kinds of commercial, retail and entertainment establishments. Microinvest also provides high-quality accounting solutions, suitable for accounting houses, auditing firms and insurance and consultancy companies of all sizes, as well as other types of business-related software.

In order to meet the demands of its customers, Microinvest has built a team of highly skilled program engineers, project developers and servicing experts, having vast experience in the field of business automation, warehouse management optimization and accounting. This allows us to maintain and develop the most advanced and high-tech solutions and systems, enabling our customers to benefit from the very latest technological developments, available on the market.
